PROF. W. H. HARRISON

Will Leave Bethel Female
College, This City,

To Become President of the Old
And Honored Bethel College
at Russellville.

Prof. Wm. H. Harrison, Vice-
President of Bethel Female College,
and one of the most scholarly educa-
tors in Western Kentucky, was on
Wednesday elected President of
Bethel College, at Russellville.

There were several applicants,
but the Board of Trustees wired
Prof. Harrison to come to Russell-
ville and, though not an applicant
in the sense of seeking the place,
he was prevailed upon to accept
the position.

He will prove a worthy successor
to Dr. Noah K. Davis, now of the
University of Virginia. Dr. J. W.
Rust, Dr. W. S. Ryland, Prof. Leslie
Wagner, and other noted teachers
who have been his predecessors.

The retirement of Prof. Harrison
and his wife from the faculty of the
Bethel Female College will be a dis-
tinct loss, but his father, Dr. Ed-
mund Harrison, the President, will
secure other teachers to fill their
places, and maintain the present
high standard of the local school.

Prof. Harrison is but little more
than 35 years of age and is perhaps
the youngest President Bethel ever
had. He is equal to every require-
ment, possessing rare executive
ability, strong intellectually, schol-
arly attainments and a personality
that makes him universally popu-
lar. We regret immeasurably that
he is to leave Hopkinsville, but he
cannot be blamed for accepting the
flattering promotion. The honor is
one seldom offered to men of his age
and, coming unsolicited, it is a
source of pride and gratification to
all the friends he has made since
he came to Hopkinsville seven years
ago.

NEW TEACHERS

Engaged for the Faculty of Bethel
Female College.

Dr. Edmund Harrison announces
four new teachers for Bethel Fe-
male college next year.

Mrs. H. E. Stone will be teacher
of English, Language and Litera-
ture. She resigns a position in
Raleigh, N. C., Female University
to come here. She is at present a
lecturer on history to a summer
school at Asheville, N. C. She takes
Miss Ione Newman's place.

Miss Elizabeth Jones, a gradu-
ate of the New England conserva-
tory and the normal department
also, at Boston, with five years' ex-
perience, will be the teacher of
piano.

Miss Elizabeth Mooney, a gradu-
ate of the same conservatory, and
of the Emerson School of Ora-
tory, will teach vocal music, elocu-
tion and physical culture.

Miss Mary Wright, one of this
year's pupils, will return as super-
visor of practice in the music de-
partment.

The place made vacant by Prof.
W. H. Harrison will be supplied by
a teacher fully competent in all
respects.

ner, Mass., who was teacher of
music in Bethel Female College
last session, will be married next
Wednesday, June 17, to Mr. George
Matthews.

PLAN BIG SHOW.

This Year's State Fair to Eclipse
all Previous Efforts.

Premiums Aggregating \$20,000
Will Be Awarded Successful
Competitors.

Although four months away,
plans are already well matured
for Kentucky's Second Annual
State Fair, to be held this year on
the splendid fair grounds at Owens-
boro, September 21 to 26.

A contract has already been
signed for Kurkamp's band of forty
pieces to play during the entire
week. Popular concerts are to be
given each day, the band being of
such a character as to make these
concerts among the most attractive
features of the week. During the
next week or two the management
of the fair will be enabled to an-
nounce the series of high-class and
novel amusements which will be
furnished while the fair lasts. The
attractions will be different from
those ever before offered the pa-
trons of a big State fair in this part
of the United States.

So important is the fair consid-
ered by the railroads, that they have
already announced a half fare from
all points in Kentucky, as
well as special rates from Tennes-
see and southern Indiana.

The fair is expected to be bigger
and better this year than ever be-
fore. Premiums aggregating \$20,000
will be awarded, and in some
cases the premiums will be larger
than those offered by any other
state fair in the country. This is
notably so in the jersey rings,
where \$800 will be awarded the
winners. The association has also
set aside \$2,000 for the shorthorn
classes, more money than is award-
ed at any other state fair, except
Minnesota. Of this purse, \$500
will be awarded to Kentucky cattle
alone.

The handsome catalogues just
issued, 15,000 of them, show the im-
portant premiums, as follows:

Beef Cattle—Shorthorns, \$2,000,
of which \$1,000 is given by the
Shorthorn Association; Herefords,
\$1,200, of which \$500 is given by the
Hereford Association; Aberdeen
Angus, \$900, of which \$300 is given
by the Aberdeen Angus Associa-
tion; Polled Durhams, \$650, of
which \$300 is given by the Polled
Durham Association; Galloways,
\$300; Red Polls, \$250.

Dairy Cattle—Jerseys, \$800; Hol-
stein Friesians, \$250; Ayrshires,
\$250; Guernseys, \$250.
Swine—Berkshires, \$300; Poland
Chinas, \$300; Duroc Jerseys, \$250;
Chester Whites, \$300; Tamworths,
\$150.

Sheep—Shropshires, \$150; South
downs, \$150; Oxford Downs, \$150;
Hampshire Downs, \$150; Cotswolds,
\$150; Dorsets, \$100; American Me-
rinos, \$100; Rambouillets, \$100;
Cheviots, \$100.

For the following classes of
horses premiums of \$4,500, nearly
25 per cent. of the total premium
fund are offered:

Light Horses—Light harness
horses, roadsters, carriage horses,
gaited saddle horses, high-steppers
and ponies.

Heavy Horses—French draft,
Percheron, French and German
coach horses, Cleveland bays,
Hackney and American coach.

Premiums of \$800 are offered for
mules and jacks. At the State fair,
which was held in Louisville last
fall, the breeders of mules and
jacks organized a State association
and the association will look to the
success of the exhibited this year.

Mules and jacks have not been
properly recognized in state fairs
heretofore, and it is the intention to
give them their proper place in the
coming exhibitions.

Premiums will be offered for
garden and farm products and the
work of the women in the kitchen
and sewing room.

Catalogues can be had by ad-
dressing E. D. Shropshire, Secre-
tary, Room 25, Board of Trade
Building, Louisville, Ky.

Hon. E. E. Willard
Judge of District Court Plainly
Speaks His Mind.

It is with pleasure that I give my hearty endorsement to Dr. Pierce's Golden Medical Discovery. It is the most successful remedy that I know of for the weakened condition of the digestive organs which excessive heat or overwork sometimes brings, causing indigestion, sick headache, a disagreeable or bitter taste in the mouth, sleepless nights and a complication of unnatural conditions making one feel sick all over. Your remedy is scientifically prepared and well calculated to renovate the entire system, cleansing and vitalizing the blood and assisting the stomach to perfect assimilation of the food, which will soon restore health and harmony.

E. E. Willard
Judge of 11th District, Duval County, Florida.

The "Golden Medical Discovery" restores the long lost appetite; it strengthens the weak stomach and corrects the impaired digestion; it promotes the flow of digestive juices and facilitates the assimilation of the life-giving elements of the food into the blood. When the blood is pure and rich, old inert tissues are torn down, carried off and excreted, and new, healthy, muscular tissues replace them. In this way it puts on healthy flesh up to the normal weight and fortifies one against all disease-breeding germs. It allays

inflammation of the mucous membranes, soothes the cough, facilitates expectoration, and deepens the breathing, supplying the system with a much needed stock of oxygen. It drives out all impurities and disease germs.

\$3,000 Forfeit!

Will be cheerfully paid, in lawful money of the United States, by the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original statement and signature of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

"I feel it my duty to write you as I have received so much benefit from the use of your medicines," says Mrs. E. Sande, of Elm, Iowa. "I was troubled with torpid liver, indigestion, and nervous prostration, for about eighteen months and lost strength so that I was unable to do any work. Consulted several doctors but without receiving help. They advised me to have an operation for gall stone, which I thought would be the very last step I would take. I then sat down and wrote to you for advice, some five or six months ago, and have since been taking your 'Golden Medical Discovery.' Can now say that I am well and able to do all my work, besides doing lots of weaving. In the last two months I have woven about four hundred yards of carpet and feel now that I will keep on with it as I like the weaving business so well. I took only eight bottles of the 'Golden Medical Discovery' and some of Dr. Pierce's Pleasant Pellets."

I will be glad if I can say anything to those who are suffering as I did.

"I was taken sick nine years ago with fever," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kans. "I had the doctor and he broke up the fever all right, but I took diarrhea right away; he couldn't cure it and it became chronic, and then he gave up the case. I got so weak with it and had piles so badly I couldn't lie down, nor hardly sit up. Was that way two or three months; thought I would never be well again, but picked up one of Dr. Pierce's Memorandum Books one day and saw your description of catarrh of the stomach. I thought it hit my case. We had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for mother. You recommend it for catarrh of the stomach, so began taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. I haven't been bothered with diarrhea since."

A FEW PENNIES will pay the expense of mailing Dr. Pierce's Common Sense Medical Adviser. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume.

PROGRESSIVE KENTUCKY.

The Commercial Convention a Big Success Last Week.

Louisville, Ky., June 8.—The third State Commercial Convention which was held in Louisville last week was made up of as fine a representation of business men from the different sections of Kentucky as ever before assembled. For three days it conducted business with a skill and rapidity that challenges at once the past and the future. Able papers were read by experts and eloquent speeches were delivered on timely topics by citizens versed in their subjects. A majority of those heard during the meeting took occasion to talk on state development and endorse the work being done by the Kentucky Exhibit Association to save the state from disgrace, which would be the result without representation at the Louisiana Purchase Exposition. One entire session of the convention was devoted to the Exhibit Association, when Mr. Henry Watterson, Capt. W. C. P. Breckinridge, and Mr. A. Y. Ford, president of the association, made impassioned addresses. A resolution was unanimously adopted approving the work of the organization and adding that the convention recognized the fact that only by such organization could the proper preparation be made for a display that would do justice to the importance of the state.

The Kentucky Exhibit Association has applied for 2,000 square feet of space for its display at the World's Fair. Several distillers and liquor dealers have made handsome contributions to the fund being raised by the association for the exhibit and many more are expected to subscribe. Following is a list of those on the list to date:

John T. Barbee & Co., Louisville; Bonnie Bros., Louisville; Bernhardt Bros., Louisville; E. H. Chase & Co., Louisville; S. Grabfelder & Co., Louisville; Geo. H. Goodman & Co., Paducah; August Hollenbach, Louisville; Jesse Moore Hunt Co., Louisville; Julius Kessler & Co., Chicago; Old Ky. Distillery, Louisville; G. W. Rogers & Co., Maysville; D. Sachs & Sons, Louisville; Thibout, Millet & Co., Louisville; H. A. Thierman, Louisville; W. L. Weller & Sons, Louisville; Wright & Taylor, Louisville; Freidman, Keller & Co., Paducah. The distilling interest will profit greatly by a fine exhibit of whiskey at the exposition and it is reasonable to expect that the distillers and liquor dealers will raise all of the money necessary for the display.

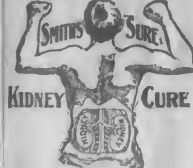

At a meeting of the Tobacco Exhibit Committee of the Kentucky Exhibit Association held in Louisville last week a floor plan for the 5,000 square feet to be given Kentucky tobacco at the exposition was adopted and a sub-committee given full authority to proceed to the collection of the materials for the display. The plan is not to be made public yet, but it is known that the committee contemplates giving every grower in the state the opportunity to send in at least one sample for the exhibit. The rules governing the awards to be made by the jury on tobacco make it possible for Kentucky to bring home a medal on every sample shown. The most perfect sample of every variety will be taken by the jury as a standard and every sample shown which may be marked 95 or more per cent. as approaching this perfection will receive a gold medal. All samples grading 85 and 95 per cent. will receive a silver medal; all between 75 and 85, a bronze medal and all between 65 and 75, a certificate of honorable mention. Kentucky should, under these conditions, bring home from the World's Fair a car load of medals on her tobacco alone.

Kentucky is getting a big advertisement out of the Kentucky Exhibit Association movement even a year before the Exposition opens. The Press Bureau of the Exposition is sending out almost daily from its headquarters in St. Louis the progress of the enterprise in Kentucky. The Division of Exploration of the Fair is making use of the plans for raising the \$100,000 in Kentucky in other States that desire to supplement their legislative appropriations with private subscriptions.

FOR CIRCUIT JUDGE,

FOR COMMONWEALTH'S ATTORNEY,
DENNY P. SMITH,
OF TRIGO.

Three society leaders at Newport have set the style of wearing their hair hanging loose down their backs.

The Waiters' Union has won its strike in Chicago, and rubbed it on the hotel men by refusing to deal with them as an Employers' Union, but requiring each proprietor to sign contracts as an individual. The Baltimore bakers and the Philadelphia textile workers are the latest strikers.

The Republican papers of Louisville are advocating a proposition to put Henry L. Martin, of Woodford, and Jas. R. Hindman, of Adams, on their State ticket. They were Democrats until a few years ago. Martin is suggested for Lieutenant Governor and Hindman for Clerk of the Court of Appeals.

The word is being passed around among the Republican office holders that Roosevelt wants Beknap nominated for Governor. He is a son-in-law of Gen. Simon Bolivar Buckner and has all sorts of money. As Henry Martin, the goldbug Democrat who is to be named for Lieutenant Governor, is also a very rich man, it is easy to see what the Republicans are driving at.

Locally every Democrat should congratulate himself that we have for our nominee in the person of Judge Bush a man who all admit embodies the high qualities that go to make up a just and upright Judge, one who will do right alike to the high and low, the rich and the poor, without fear, favor or partiality: a Democrat and a man in whom there is no guile. Then let the ring streaked and striped will if they will, let the boll weevil if they must, but let the songs, Democrat singing the songs our fathers sang, unheath their swords, unfurl their banners and ascend the hill of victory on the idea of November next—Murray Times.

Mark Hanna's daughter, Miss Ruth, was married Wednesday at Cleveland to Jos. M. McCormick of Chicago, a grandson of Joseph Medill, the Chicago journalist. In order that our readers may know just what constitutes the real thing in a bride's dress, we append the following description: "After gown was a creation of white peau de soie made princess, with bodice effect of real lace, with duchess lace and hand embroidery in white chenille set with pearls. The sleeves were of the mull with a fall of the lace. The trailing skirt was plain to the floor, with the exception of four inset falls of real lace over each of which fell a spray of orange blossom. She wore a veil over her face, caught in her hair with orange blossoms. She carried a bouquet of lilies of the valley and white orchids."

INVEST AT HGME.

Every statement of our local banks shows that there is on deposit in Hopkinsville many thousands of idle capital. Much of this money ultimately seeks investment elsewhere, while our idle capital in turn finds investment in our own city.

For many years Hopkinsville stood in urgent need of a system of water works. Our rich men were afraid to take hold of it, until finally outside capital sought out what has proven to be a gold mine for the owners. Other enterprises have been started and still others need to be. We all agree that our one great need is manufacturing. Hopkinsville is no longer a country town. It is a city with 10,000 or 12,000 people living in and out of the city limits. No city can furnish employment for its working classes without mills and factories. We have three railroads, abundant natural advantages, a genial climate, plenty of idle capital. Then why not turn Hopkinsville into a manufacturing town? Simply because our own capitalists have not faith in their own town.

A few years ago a small soap factory was started in Mayfield by local capitalists. It succeeded from the start. A ready market was found for every pound of soap made. The factory has been twice enlarged and is making money right along. Why should Hopkinsville not have one or more soap factories? Owensboro has a factory for manufacturing vehicles, many of which are sold in our own town.

Why should Hopkinsville take Forbes' wagon factory, elevate it from a department to a great separate plant for making and shipping Mogul wagons and other vehicles all over the United States? If Owensboro can sell vehicles in Hopkinsville, why cannot Hopkinsville sell them in Owensboro? Because our local capitalists hoard their money or prefer to invest in three per cent bonds, rather than join their forces and build up a big wagon factory like Owensboro is doing. Forbes & Bro. are willing to lead—as they always lead in every progressive enterprise—and join with other capitalists whose money is lying idle and increase their small and successful wagon plant as above suggested.

A few years ago the Acme Mills Company put up a 400-barrel mill. Croakers said there were already mills enough and besides the capacity was far too large. A little 200-barrel mill might run most of the year, but there was no room for a big one. The mill was started. In four years its plant had to be enlarged, its capital increased from \$30,000 to \$55,000 and its stock was re-issued at a premium of 70 per cent and the plant is now putting up an 800-barrel addition and covering a two-acre lot with elevators. The plant that was too large at 400 barrels, will soon be making 1,200 barrels of flour a day and shipping it all over the South, with orders always ahead, and stockholders realizing 4 per cent semi-annual dividends.

Why should not Hopkinsville, surrounded by one of the finest wheat sections on earth, be a miniature Minneapolis, with mills enough to grind every bushel of wheat raised within a hundred miles, keeping our railroads busy hauling out the finished product instead of the raw material?

All of these questions can be answered at once. Simply because our capitalists will not invest their capital in mills and factories, but go on in the old way of lending money while the rest of the world is promoting enterprises.

Hopkinsville is the only city of its size in Kentucky without a street railway system. The city is two miles in diameter and should have street cars by all means. Paducah has a park four miles from town and her depot is two miles out. Don't wait for the next generation to make Hopkinsville a flourishing city. Put your money to work and help do it yourself.

Attorney General C. J. Pratt, Republican candidate for Governor, was the victim of a runaway accident Monday and sustained severe bruises. He was dragged some distance by the frightened horse and had a very narrow escape from being killed.

Mr. L. F. Johnson, a Frankfort lawyer, has published a handsomely printed pamphlet of 48 pages on "The Capitol Question," and the location. The book contains pictures of the proposed new state-house, incorporating the present east wing in the completed building, and several other state capitols. Mr. Johnson strongly opposes the proposition to select a new site on one of the hills overlooking Frankfort. He thinks the present location in the heart of the city is an ideal one. The estimated cost of the new capitol is \$1,000,000 and the object of the book is to get a capitol appropriation through the next general assembly. The Kentucky legislature is in favor of a new capitol, but is not sure that it would be wise to wedge a million dollar capitol in between a bridge and a tunnel. The one serious objection to the elevated site would be the difficulty of fire protection for the public building and property. However, the insurance companies would carry that risk, and the building should be made as nearly fire-proof as possible.

The party law provides that after an election has been called by the chairman for the purpose of electing committeemen to fill vacancies in a county precinct, and they fail to do so, then it becomes the duty of the state central committeeman to appoint. In the cases referred to in this county and Lyon, no election had ever been called or held nor attempted to be held, and Mr. Whittemore's appointments of course were not legal and we do not believe will be endorsed by the people or the state central committee—Murray Ledger.

The county chairman referred to not only failed but refused to order elections. The Calloway chairman told Mr. Whittemore when he officially notified him that the vacancies must be filled, that he would appoint them himself. The chairman persisted in neglecting their duties and Mr. Whittemore was finally forced to fill the vacancies, as provided in case of failure to elect. His action was entirely legal and authorized and according to the precedents and practices of years. If Whittemore is not sustained, it will be the first time in the history of the party organization that a district committeeman's official acts have been turned down in keeping up the organization in his own district.

RIVER FALLING

After Breaking the High Water Record at St. Louis.

At Least Twenty Lives Known to Have Been Lost in the Flood.

St. Louis, Mo. June 10.—At a rate of from eight to ten miles an hour, the Mississippi river, over half a mile wide and ninety feet deep in the channel, is pouring past St. Louis to the gulf. Monday it had established a high water mark of 37.5 feet, the highest flood tide since the same mark was unofficially established in 1858. The river is now receding.

Thirty feet above low water mark is danger line for St. Louis and the river rose seven and one-half feet above the danger line.

The crest of the flood has passed St. Louis, and any further destruction to be wrought will be from the possible crumbling of undermined buildings and to the country below this point.

Rapid falling of the water, it is expected, will quickly drain the inundated section on the Illinois side, where the property loss will be heaviest, and require the damaged property will soon be possible.

Reports are coming in from Madison, Granite City and Venice, which indicate the death list may be larger than first estimated. It is known that at least twenty people have been drowned in that vicinity.

SERIOUS WRECK.

Passenger Train Leaves L. & N. Track South of Louisville.

Fireman Fatally Scalded, Thirteen Persons More or Less Painfully Hurt.

Louisville, Ky., June 9.—A passenger train on the Louisville & Nashville Railroad, bound from New Orleans to Cincinnati, was wrecked on Muldraugh's Hill, thirty-two miles south of Louisville, at 12:40 this afternoon. John Keller, of Louisville, the fireman, was badly scalded that he died here to night. Thirteen persons were injured, including John Williams, Louisville, conductor, ankle sprained and bruised, and Harry C. Palmer, engineer, Louisville, cut and bruised.

The train had just passed through a tunnel and was rounding a sharp curve when the engine careened and rolled to the bottom of a 60-foot fill, burying the engine and fireman. The mail car, combination baggage and express followed, but was stopped when half way down the embankment by a large tree. The smoker, a day coach, Pullman and a dining car, which constituted the train, also left the track, but remained on the roadbed. One of the rails, torn up by the force of the wreck, passed through the smoker, striking Mr. W. Morehead and breaking both his legs.

President Milton H. Smith, of the Louisville & Nashville, was on board but was uninjured. The road was blocked for more than five hours.

HOPKINSVILLE INVENTOR

Secures a Patent on New Folding Bed.

Mr. A. W. Pyle has received official notice that the Patent Office on June 5 granted him a patent for a folding bed, a model of which is now on exhibition at Pyle & Smith's store. Mr. Pyle has had a right of eighteen months over the patent, but finally came out victorious. The bed is entirely different from any other on the market, and its superior advantages may be seen at a glance. Fifteen points of invention are claimed by the patent. Here is a strong opportunity for a factory, to manufacture an exclusive article of furniture. Mr. Pyle is willing to talk to capitalists along that line.

Can I Afford a Vacation?

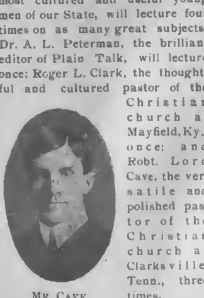

Yes, unless you are just ready for the poor-house. You can have an outing of a week this summer for the trifling cost of \$5.50 to \$10.00, according to your financial ability. You can lodge in a better room, in a better building, in more beautiful grounds than you can find in any other of our summer resorts. You can have good, wholesome food. In addition, you can enjoy lectures, as many or few as you wish, by great Christian teachers on great Christian themes every day. You can enjoy the most delightful Christian society. But you ask where.

MR. BRINEY.

WHERE SHALL I SPEND IT?

The place is SOUTH KENTUCKY COLLEGE, at Hopkinsville, Ky., as cool, well-shaded and beautiful a situation as Western Kentucky affords. The time is June 15-19. The occasion is the third term of the SOUTH KENTUCKY SUMMER BIBLE SCHOOL. The terms are \$3.00 a week for board and room in the College, and a free will offering to the School. J. B. Briney, one of the greatest of Missouri preachers, will lecture on Romans and Hebrews. B. A. Jenkins, President of Kentucky University, one of the most cultured and useful young men of our State, will lecture four times on as many great subjects. Dr. A. L. Peterman, the brilliant editor of Plain Talk, will lecture once; Roger L. Clark, the thoughtful and cultured pastor of a Christian church at Mayfield, Ky., once; and Robt. Lord Cave, the versatile and polished pastor of the Christian church at Clarksville, Tenn., three times.

MR. CAVE.

HOW SHALL I PREPARE FOR IT?

Write at once to H. D. SMITH, Hopkinsville, Ky., and he will send you a prospectus for you. Write to him also for further information if it is desired. If you cannot come yourself, arrange with your Church, Sunday School or Endeavor Society to send your preacher, Sunday School teacher, or some Endeavor leader or worker. Such a one would appreciate so great an opportunity most highly.

SHOT BY MISTAKE.

Man Goes For a Doctor And Gets Warm Reception.

Otis Lyle, of Clarksville, was shot and badly hurt at Brownsville, Tenn., by Dr. John Sevier, who was watching his premises for miscreants who had been defacing his property at night. Lyle was on a visit to his brother and went for the doctor for a sick child at 2:30 a. m. Dr. Sevier was watching. A man, whom he did not recognize, marched quickly into the front gate. The doctor halted him and commanded his hands up. The man, Otis Lyle it proved afterward, instead of stopping, not knowing who he was, issued the command or that the house was in a state of siege, started to run. At that the doctor turned loose all barrels of the gun, and Lyle fell to the ground, calling for Dr. Sevier. Dr. Sevier ran to him and was greatly grieved over the mistake. Mr. Lyle will recover, but may lose an arm.

BREAK COMES

And East St. Louis Is Swept By Angry Waters.

Eleven Lives Lost In One Night of Awful Terror.

St. Louis, Mo., June 10.—Almost two-thirds of the territory embraced by East St. Louis, Ill., is under from two to fifteen feet of water. Between twilight last night and dawn today eleven lives were sacrificed to the angry waters, and damage which no man today attempted to estimate has been done to property.

Not a wheel of industry is turning in East St. Louis, but the flood waters whirl and suck at the foundations of many great buildings that have been deserted.

The break occurred at 11:40 o'clock. D. H. Sherwood, a laborer, was swept away and drowned. A section of the embankment was torn out and a stream rushed through. It is believed that many men, especially negroes, were drowned.

The alarm spread like wild fire and whistles were blown, bells rung, shots fired and cries of warning were sounded, but even with all this pandemonium, many of the inhabitants failed to leave their homes. Within an hour the houses stood in water that reached to the roofs of the one story cottages. Many fled to large brick buildings. Rescue boats today found many people in second stories and on house tops, but there is grave fear that when all the living have been transferred to land, the boats will bear bodies of dead from the flooded cottages and the desolated quarter.

ELEVEN DROWNINGS.

In the turmoil it has been impossible to verify reported deaths, but from apparently reliable sources the Associated Press gathered that eleven persons were drowned last night.

THE NEW WOMAN.

Mrs. EMMA MITCHELL.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes: "For the past five years I have rarely been without pain, but Penna has changed all this, and in a very short time, I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Address by Dr. Rust.
Dr. J. O. Rust has returned from Cincinnati, where he made the address at the dinner of the Baptist Social Union of the Baptists from all the churches of this denomination to Cincinnati. Instead of a number of short speeches they have one address of about an hour's duration, well prepared and containing food for thought. The dinner was served at the Grand Hotel and was quite a magnificent affair.—Nashville American.

His Last Hope Realized.
From the Sentinel, Gelo, Montana.
In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterward his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea, which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this note. For sale by C. K. Wyly, druggist.

Georgia Difficulty.
John Edwards, a prominent Georgian, was shot and killed, and his son, Jeff Edwards, mortally wounded by Bartow Nix, a sixteen-year-old boy.

A Splendid Remedy.
Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerve and blood, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect a most wonderful cure. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at R. C. Hardwick's.

Arrest on Serious Charge.
Mitchell Mayberg, an Indianapolis ticket broker, was arrested at the instance of Pinkerton detectives charged with forging and altering railroad tickets.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by C. K. Wyly, druggist.

No Truth in Rumor.
The fact that Refugee W. S. Taylor was late for his Sunday dinner, gave rise to a rumor that he had been kidnapped from Indianapolis.

GOV. WILL WED.
Chief Executive of Arkan to Wed Kansas City Widow.

Topeka, Kan., June 8.—Gov. W. J. Bailey, of Kansas, left to-day for Kansas City, by way of Atchison, where at the First Congregational church to-morrow night he will wed Mrs. Ida H. Weed.

It was the Governor's intention to take a trip, but the flood and cattlemen's war in Cheyenne county will cause a delay. Mrs. Weed, the bride-to-be, a fascinating widow of about thirty-five years of age. She is a native of Belleville, Mo., the home town of the Kansas Chief Executive. Since October 1, 1902, she has lived in Kansas City, where she was a clerk in the Parianian Clook Company's store.

The marriage of Gov. Bailey will be the fulfillment of a promise he made before his election as Governor. He said that if he were elected he would find a wife.

That Word "Elixir."
For the benefit of our readers, who may have been ignorant of the word "elixir," as used in the dispatches out of Jackson, we will give its definition and pronunciation. The Century Dictionary says it means a substitute for sheriff, with all the powers of a sheriff, when such an officer has declined to serve in a particular case or has been sworn out of office or otherwise proved incompetent to serve with justice. It is pronounced "el-i-zor," the "e" being sounded as in beef, teeth, etc., and the "i" as in life, strife, etc. The "s" has the sound of z—EX.

The Hygiene of Old Age.
We look upon the aged with good reason as having a slender hold upon life, one that may be loosened by a slight shock of injury or disease which, in the young or middle-aged, would serve only as a stimulus to the reparative vital powers. This is a conservative belief, but it warns us to shield our loved ones who have fought the fight, from all influences which might weaken their stay with us. But we must not go too far in our solicitude, for injury may be inflicted and life shortened by coddling the old, almost as surely as by coddling the young. The vital processes in the aged are slow, but they are still existent, and they may be kept active by gentle opposition and stimulation, just as they may be increased in childhood and youth by rough methods. Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound is a boon to the aged and infirm and probably no medicine has accomplished so much, or received as high or as many testimonials from men and women whose extreme age gives them a seemingly slender hold upon life. Dr. Caldwell's Syrup Pepsin makes perfect digestion and acts gently upon the bowels in an easy and pleasant manner. Tones up the entire system and prolongs life. 50c and \$1 bottles at all druggists.

Swindled the Gallows.
Noar Bates, a negro, under death sentence for killing his brother's wife, committed suicide in jail at Selma, Ala.

Constipated Bowels.
To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 North Main street, Wichita, Kan., writes: "I have used Chamberlain's Stomach and Liver Tablets to regulate the liver and bowels for the past ten years, and found it a reliable remedy. 50c at R. C. Hardwick's."

Two Men Wounded.
In Laurel county Joe Prewitt shot and perhaps fatally wounded Jerry and Ballard Spurlock, who were making sport of him.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much, so that I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by C. K. Wyly, druggist.

Assaulted and Injured.
At Marion, Ind., Mrs. Smith, a white woman, was assaulted and seriously injured by a negro, who may be lynched if captured.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull or eat and do not wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by C. K. Wyly, druggist.

The Delineator For July.

The July Delineator shows a considerable change in make-up from preceding issues; the literary matter has been brought to the front of the book, then follow the fashions, and lastly departmental matter. The number is in many respects superior to any previous one. The display of the fashions is charming and up-to-date, and the literary contents are of striking interest. Christine Terhune Herrick writes entertainingly of Marion Harland's souvenir garden at Sunnybank, the country place in New Jersey, and N. Hudson Moore contributes to the number a finely illustrated paper on roses. Bird Habits and their Cradles, by Landon Knight, is a very attractive article, illustrated with photographs. In the seventh "Mildred" paper Miss Clara E. Laughlin discusses woman's duties toward her neighbors. In fiction, there is a short story called Paper Dolls and Paper Collars, written by Joseph Blethen and illustrated by A. I. Keller; and the third installment of The Bois-Brules, Mrs. Catherwood's serial. A page of exclusive photographs of Viola Allen is a feature. In the series on historic and modern homes, Van Cortlandt Manor House is described and illustrated, with views of both interior and exterior. For the children, Lina Beard begins a series describing the construction in miniature of the "Seven Wonders of the World." The number also includes the introduction to a series of tales for children called Firelight Stories, by Livingston B. Morris. The sixth lesson in plain Sewing is given, and the Departments are as helpful and varied in interest as usual.

BE GRATEFUL.

Hopkinsville Women Have Much to Thank This Lady For.

It's a real mercy
To lighten women's woes.
Yet a natural shrinking
Keeps many women silent.
Hopkinsville women should be
thankful for the following statement.
Mrs. J. T. Johnson, wife of J. T. Johnson, superintendent of streets, living at 616 N. Main St., says:
"During the latter part of last summer I noticed growing upon me a dull aching across the small of my back which kept getting worse until finally the pain became so severe that I was hardly able to get around, and many times could not attend to my household duties. The trouble I believe came from the kidneys, for I suffered from other distressing symptoms of this complaint. I was subject to the most severe headaches and frequent attacks of dizziness. I learned about Doan's Kidney Pills and my husband got a box for me at Thomsen & Traher's drug store. They did me a wonderful amount of good. I felt much better and stronger in every way than I had for some years. I don't know what I should have done if it had not been for Doan's Kidney Pills."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

V. P. C. A. Progress.

The ladies of the city are deeply interested in the movement on foot for the establishment of a V. P. C. A. in Hopkinsville and have organized to canvass for funds to furnish the new building.

A large meeting of ladies was held at the Christian church on Tuesday afternoon, when Secretary W. P. England explained to them the work the ladies are doing for these organizations in other cities. Committees were chosen from each church and the following officers elected to have charge of the canvass for funds:

Mrs. Lizzie Gish Seargent, Chairwoman.
Mrs. Walter Kelly, Vice Chairwoman.
Miss Jennie Glass, Secretary.
Mrs. Susan Edmunds Stiles, Treasurer.

The canvass began yesterday and another meeting of the committee will be held at the Christian church next Tuesday afternoon at four o'clock to hear reports of the work done.

In addition to the forces already at work it has been decided to organize a committee of young men to solicit for this purpose, and a meeting was held at Mr. Walter Kelly's office last night 7:30 o'clock, and a committee was named.

Assistant State Secretary F. J. Michel, will arrive from Louisville to-day to assist in the canvass.
